Ovente Infused Water Pitcher with Stirring Rod 2.5 Liter (PIA0852C)

Key Features

LARGE CAPACITY – 2.5 Liter capacity is large enough for enjoying and sharing your naturally flavored water or iced tea with family and friends.

PRACTICAL – Includes 2 rods: a fruit infuser rod and an ice rod. Fill the core of the fruit infuser rod with sliced fruits, herbs, or other flavorful ingredients, giving you full control over every ingredient going into your drinks. Fill the ice rod with water, then freeze to keep your drink cold without watering it down.

ATTRACTIVE – Its clear acrylic plastic body is scratch-resistant and allows for an enticing view of your infused water concoction. It also complements a well-set table as a casual yet beautiful centerpiece.

HELPS YOU HYDRATE – Drinking enough water everyday is crucial for your overall health, and improves every facet of your body and mind. Using this pitcher daily will elevate your hydration levels by making water taste fruity, tasty, and refreshing.

VERSATILE – You're not just limited to water with this fruit infuser. You can make lemonade, cocktails, and more. Adding mixed berries, citrus, watermelon, mint, cucumber, lavender, agave, and sugar are all popular and delicious choices for infusion.
