

Ovente Automatic Vacuum Sealer Machine with Sealing Bags and Tube, Compact and Portable, Easy to Use Design, Airtight Suction System Perfect for Food Storage, Meal Prep, Sous Vide, Black SV2906B

Key Features

Save More, Waste Less – Keep food fresh and flavorful for up to 5 times longer than with conventional food storage by creating an airtight seal around them and saving more money! Useful for storing vegetables, seafood, meats, and dry goods as well. Perfect for cooking, meal prep, sous vide, and more.

Easy to Use – User-friendly vacuum sealing machine with automatic operation with one push of a button. Simply insert the food in Ovente Vacuum Sealing Bag or any other sealing bag, choose your desired operation, and let the machine do the work!

Compact and Lightweight – Space-saving and easy to store with its minimalist and ergonomic design compared to other regular-sized vacuum sealer machines. Limit area consumption in your kitchen so you can use it anytime, anywhere.

Airtight Suction – Securing impermeable seals to your vacuum bags slowing your food from getting spoiled and preventing freeze burns. Built with 2 selectable vacuum modes to preserve various types of food. Built with 2 selectable vacuum modes to preserve various types of food.

US-Based Customer Service – Buy with confidence! Ovente warrants that the product shall be free from defects in material and workmanship under normal use and conditions, for 1 year from the original purchase date.
