

Ovente BPA-Free Silicone Spatula 500°F Heat (SP2001 Series)

Key Features

The complete solution for all your cooking and mixing needs is here!

What is a kitchen without a spatula? You would not consider it as such if it weren't for those spatulas. Spatulas are truly the backbone of every type of kitchen. Investing in the best spatulas is a must if you want to save time and effort in cooking. There are a lot of spatulas in the market, but Ovente is the kitchen shop in the US that assures the best spatulas – **Premium Silicone Spatulas**, to be precise.

Ovente Premium Silicone Spatulas are designed to be your go-to kitchen tool for all food preparation, such as cooking, mixing, and decorating.

Each spatula is built for **durability** with its **stainless steel core** for extra strength to ensure that it works great each day while you cook.

These **Heat-resistant BPA-silicone spatula** are totally safe to use along with coated or non-stick cookware, and are perfect with hot, delicious food, too. Yum!

You don't have to worry when you're going to wash the spatulas, as they are **dishwasher safe**. These **stain and odor-resistant spatulas** will not discolor, warp, melt, and will never affect the quality and taste of your food.

Aside from these functions, the spatulas are enjoyable to use because of their fancy colors and **ergonomic design** for **easy grip**. You can now cook and have fun at the same time with premium silicone spatulas.

Ovente sets about creating high-quality premium silicone spatulas to
