

Ovente Bagless Canister Vacuum Cleaner (ST2620 Series)

Key Features

- FAST, EFFICIENT, POWERFUL** – Equipped with 1400-Watts, Ovente's Cyclonic Vacuum uses powerful, nonstop suction to deep-clean all types of surfaces in one pass.
- ADVANCED MULTI-LEVEL FILTRATION** – Say goodbye to allergies! Its HEPA filtration system removes 99.97% of airborne particles as small as 0.3 micrometers in diameter. That's 300x smaller than a hair!
- UNBEATABLE VALUE** – Comes with many premium attachments for various surfaces: floor brush (hard, carpet), crevice nozzle (corners), bristle brush (shelves, curtains, furniture), telescopic metal wand, pet/sofa brush, and a bendable multi-angle brush.
- CONVENIENT & ECO-FRIENDLY** – Step button to turn on/off, retractable power cord, 360° hose swivel, bendable and telescopic wand help you get high and hard-to-reach areas without injuring your back. Also features suction control to save energy.
- EASY MAINTENANCE** – The dust compartment is translucent so you can easily see when the dust container and/or filters are full. All you need to do is empty and wash it with water before use.
