

Ovente Electric Cordless Immersion Hand Blender 200 Watt 8-Mixing Speed with Stainless Steel Blades, Heavy-Duty Portable & Rechargeable Perfect for Smoothies, Puree Baby Food & Soup, Black HR981B

Key Features

Cordless Function – This allows you to conveniently blend your smoothies, soup, and puree anytime, anywhere. With its 200-Watt motor, you can simply blend soups in the pot or blend some frozen delights for your friends. Built with rechargeable and long-lasting batteries, you can now blend whenever, wherever- cord-free!

Ergonomic Design – Equipped with a comfortable grip handle for easier and controlled blending. Its 8-Speed setting provides you with the most accurate control while making salsas, shakes, smoothies, and more! Provides an exquisite cooking and blending experience and adds a modern-minimalist touch to your kitchen.

Easy to Clean – Cleaning is a breeze with its stainless-steel mixing shaft that can be detached for a simple wash. Consumes small space on your countertop whenever you blend and is space-saving in your cupboard thank to its BPA-Free Storage case that doubles as a measuring/blending cup.

Compact and Portable – No more untangling that twisted cord whenever you're going to use your blender. Simply charge your blender and when the light indicator turns blue, that means it is fully charged and ready to use. Use it anywhere in your home or bring it anywhere you want to.

US-Based Customer Service – Buy with confidence! Ovente warranties that the product shall be free from defects in material and workmanship under
