

# Ovente Electric Panini Press Grill Breakfast Sandwich Maker with Nonstick Two-Sided Hot Plates, LED Lights & Thermostat Control, Perfect for Cooking Burger & Grilled Cheese, Red GP0110R

## Key Features

**Easy to Use** – Make yummy and flavorful restaurant-style meals at home! Equipped with a 750W fast-heating element with top and bottom cooking plate that provides even heat. It simply takes minutes to achieve the cooking temperature once switched on. Ideal for burgers, chicken, steak, vegetables, making omelets, French toast, paninis, sandwiches, and more.

**Quick Cleaning** – Top and bottom make cleaning a breeze! Turn the sandwich grill off and clean the plates with a kitchen sponge or a towel wet in warm, soapy water to remove the oil and food remnants.

**Portable and Compact** – Grill anytime, anywhere you want. Its compact size is perfect for a small kitchen, workplace, and dorm room. Because of its small size, the contact grill takes up very little counter or shelf space, making storage simple and convenient.

**Safe and Ergonomic** – Built with anti-skid feet that offer extra stability and grip on smooth surfaces. Check the toasting of your meal easily with its cool-touch handle. Thermostat control prevents overheating, so you don't have to worry about your food being burnt.

**US-Based Customer Service** – Buy with confidence! Ovente warrants that the product shall be free from defects in material and workmanship under normal use and conditions, for 1 year from the original purchase date.
