

Ovente Electric Skillet with Non-Stick Aluminum Body (SK11112 Series)

Key Features

COOK TO PERFECTION – Cook your way to the perfect food with 1400-Watts Ovente Electric Portable Skillet. This skillet has a high-quality aluminum body that conducts heat well and an adjustable temperature controller which modifies heat for cooking variety of yummy foods.

SPACIOUS – 12-Inch Skillet that is big enough for making family-sized stir-fry breakfast.

DURABLE AND ODORLESS GLASS COVER– It includes tempered glass cover that handles high temperature and steam without breaking. This tempered glass cover prevents food smell from escaping the skillet.

EASY CLEAN-UP – It comes with non-stick coating that releases food easily and cleans up food quickly.

CONVENIENT AND SAFE – Cooking using Ovente Electric Portable Skillet is made easy with its glass cover handle and cool-touch handles that secure grip and protect hands from heat or injuries.
