

Ovente Mesh Replacement For Coffee Press, Hassle-Free With Universal Design, High-Grade Stainless Steel Filter, Compatible For French Press Brands, Pack Of 6 ACPF70 series

Key Features

Value Pack of 6 Filters – Made of premium stainless steel, it is rust-resistant and lasts longer than the regular tea & coffee filter mesh.

High Filtration Quality – Made for coffee lovers. The mesh is designed to filter coffee grounds or loose tea finely, to provide a better experience of having coffee or tea.

Universal Mesh Filter – Our french press replacement screens are approx. 4 inches in diameter. It is highly durable and fits perfectly for most french press brands.

Dishwasher Safe – Wash your french press mesh filter in a dishwasher or wash it for a few seconds under the tap until it is clean without any residue.

Easy to Use and Store – You can keep the mesh in your French Press, so it's ready when you need it. When done, just clean your French Press as usual.

US-based Customer Service – Buy with confidence. Ovente warrants that the product shall be free from defects in material and workmanship under normal use and conditions, for 1 year from the original purchase date.
