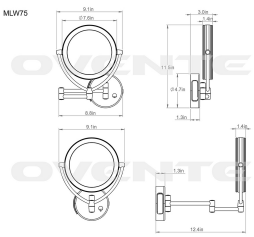
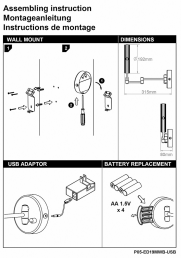
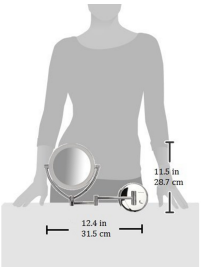
Ovente Wall-Mounted Vanity Mirror with Dimmable Lights 7.5 Inches (MLW75 Series)







Key Features

DUAL MAGNIFICATION – This dual-sided luxury mirror is 7.5" in diameter and features 1X10X magnification. 1x for a great view of your entire face all at once, and 10x for precision, because every detail count.

COMPREHENSIVE, DISTORTION-FREE VIEW – Our 360° swivel design allows you to rotate the mirror to your desired angle for applying makeup, tweezing or shaving. For an optimal view sit or stand 4 inches away from the mirror.

DIFFUSED LED RING LIGHT – Featuring a diffused LED ring light to eliminate shadows, this wall mirror allows you to see yourself up-close. The LED light lasts longer and is more energy-efficient than other types of lighting, saving money. It also comes equipped with a dimmable light knob, giving you full control.

EXTENDABLE ARM – Ideal for rooms with limited space, you can extend the mirror to any angle you like and then fold it back against the wall when you are done. This feature gives your room an opulent spa-like ambience.

BATTERY AND/OR CORD OPERATED – For your convenience you can use this makeup mirror with either the USB adapter or batteries. Your choice!
