

OVENTE®

9.5" Dual-Sided LED Lighted Mirror, 1x/10x MLT45 Series

Before using please read the instruction manual and keep it for future use.

IMPORTANT SAFETY NOTES

To reduce the risk of burns, fire, electric shock, or injury basic safety precautions should always be followed, including the following:

- Provide close supervision when the mirror is being used near children or disabled persons.
- Use the mirror only for its intended use as described within the manual. Do not use attachments not recommended by manufacturer.
- Never operate the mirror if it is not working properly, if it has been damaged, or submersed in water. Immediately contact your service provider.
- If the mirror is submersed into the water, unplug immediately. Do not reach into the water. Never drop or insert any objects into any opening.
- Do not use outdoors.
- Be sure mirror is not in a position where it can reflect sunlight. Reflected sunlight can cause fire.
- When using the AC adapter, never allow the power supply to be pulled, twisted or severely bent.
- Do not operate where aerosol (spray) products are being used or where oxygen is being administered.
- Do not use extension cord with this mirror.
- Do not attempt to remove, alter or replace the permanent LED light.
- Always switch the mirror OFF after use and unplugged before storing.

FEATURES

- 9.5" diameter distortion free optical quality mirror
- 1x/10x Magnification; Diffused ring light that minimizes shadow
- 360-degree swivel rotation; Unique internal wiring allows safe rotation to any angle
- LED surround bulbs for longer life and equal light distribution
- Dual Power: 110/220V Universal 2-Port USB Adapter (included),
- 4x AA Batteries (not included)

USING THE MIRROR

1. To turn on lights, simply turn the switch at the base of the mirror.
2. After use, always turn switch to the "OFF" position. Leaving mirror on longer will reduce battery life.

Magnification Effect

NOTE: When you are further from the mirror, the image is inverted. As you get closer, the image flips to the actual virtual image in magnification standard. This is because of the concave lens of the 10x magnification.

Battery Replacement

The battery compartment is located on the bottom side of the appliance. To replace the batteries, use the following instructions:

1. Before attempting to replace batteries, turn appliance off and unplug adapter.
2. Turn appliance upside-down.
3. Locate battery compartment cover.
4. You will use your finger to open the battery cover from the closed to open position.
5. The compartment holds Four (4) AA batteries. All four batteries must be present and properly positioned for the unit to operate.
6. Once the batteries have been inserted, replace the battery compartment cover.
7. The mirror is now ready for use.

AC Adapter

1. Locate the socket on the base of the mirror.
2. Connect the AC adapter. Turn on/off to use LED lights.

MIRROR MAINTENANCE

1. Make sure that LED lights are OFF before cleaning.
2. Use a soft wet cloth to remove dirt and stains. Wipe with dry cloth afterwards.
3. You can use a velvet cloth for better result in cleaning (velvet cloth not included).

CARE/DISPOSAL OF ALKALINE BATTERIES

- Use only fresh batteries of the required type and size.
- Do not mix old and new batteries, different types of batteries, or rechargeable batteries of different capacities.
- The batteries may explode if mistreated. Do not attempt to recharge or disassemble the batteries.
- Depleted batteries are to be removed from the item.
- Dispose of the old batteries properly and according to your local regulations.
- Ensure that batteries are kept out of reach of children.

STORAGE

Be sure direct sunlight does not strike the mirror. When left unattended, reflected sunlight can cause fire.

- To protect the mirror from dust simply store it in its original box.
- Store out of reach of children in a safe dry location.
