

WARRANTY

Register your product within 30 days of purchase to activate your one-year limited manufacturer's warranty at OVENTE.COM

WARRANTY IS ONLY VALID IF YOU REGISTER WITHIN 30 DAYS AFTER PURCHASE.

LIMITED ONE (1) YEAR WARRANTY

Your product has a one (1) year warranty period starting on the date of purchase from an authorized retailer. In the event that the product is defective, please contact us to arrange for a replacement. This warranty only covers defects in workmanship and materials. The warranty does not include damage due to misuse, commercial use, accidents, or natural wear and tear.

LIMITATIONS

The warranty stated above is the only warranty applicable to this product. Other expressed or implied warranties are hereby disclaimed. No verbal or written information given by the Manufacturer, its agents or employees shall create a guarantee or in any way increase the scope and duration of this warranty. Repair or replacement as provided under this warranty is the exclusive remedy of the consumer. The manufacturer shall not be liable for incidental or consequential damages resulting from the use of this product. Any implied warranty of merchantability or fitness for a particular purpose on this product is limited to the applicable warranty period set forth above except to the extent prohibited by law. Consumer rights may vary from state to state.

DIFFERENT FINISHES AVAILABLE AT OVENTE.COM

Available in three elegant finishes: Brushed, Copper and Oil Rubbed Bronze.

CARE/DISPOSAL OF ALKALINE BATTERIES

- Use only fresh batteries of the required type and size.
- Do not mix old and new batteries, different types of batteries, or rechargeable batteries of different capacities.
- Depleted batteries are to be removed from the item.
- Dispose of the old batteries properly and according to your local regulations.

MIRROR MAINTENANCE

1. Make sure that LED lights are OFF before cleaning.
2. Use a soft wet cloth to remove dirt and stains. Wipe with dry cloth afterwards.
3. Be sure direct sunlight does not strike the mirror. When left unattended, reflected sunlight may cause fire.
4. To protect the mirror from dust simply store it in its original box.
5. Store out of reach of children in a safe dry location.

TECHNICAL SPECIFICATIONS

Input Voltage: 6V (Battery) / 110V (AC Adapter)

Power: 13.5W

Hertz: 50/60Hz (AC Adapter)

IMPORTANT SAFEGUARDS

When using your mirror, basic safety precautions should always be followed, including the following:

- Read all instructions carefully before use.
- Provide close supervision when mirror is being used near children.
- Use mirror only for its intended purpose as described within this manual. Please do not use attachments not recommended by manufacturer.
- Never operate mirror if it is not working properly, has been dropped, damaged, or submersed in water.
- Never insert foreign objects into the mirror.
- Do not use outdoors.
- Do not disassemble the mirror.
- Never operate where aerosol (spray) products are being used, or where oxygen is administered.
- Make sure that the mirror is OFF when not in use or before cleaning.
- Be sure mirror is not in a position where it can reflect sunlight. Reflected sunlight can cause fire.
- If the mirror is submersed into the water, unplug immediately. Do not reach into the water.
- Do not attempt to remove, alter or replace the permanent LED light.
- Always switch the mirror OFF after use and unplug before storing.

USING THE MIRROR

1. To turn on lights, simply touch the switch as shown.
2. Choose from different light options such as:
 - **Cool White:** for a much brighter clear color which enables you to see every imperfection.
 - **Warm White:** depicts a more flattering look that is perfect for a date night or special occasions.
 - **Natural White:** A sharper light replicating daylight.
3. After use, always touch the switch button to "OFF".

3 Tone LED Light

Cool White

Natural

Warm White

Leaving the mirror on longer will reduce battery life.

Magnification Effect

NOTE: When you are farther from the mirror, the image is inverted. As you get closer, the image flips to the actual virtual image in magnification standard. This is due to the concavity of the mirror.

Battery Replacement

The battery compartment is located on the bottom side of the appliance. To replace the batteries, use the following instructions:

1. Before attempting to replace batteries, touch the Switch button to off and unplug adapter.
2. Turn appliance upside-down.
3. Locate battery compartment cover.
4. Use your finger to open the battery cover.

Replace with four (4) AA batteries. All four batteries must be present and properly positioned for the mirror to operate.

5. Once the batteries have been inserted, replace the battery compartment cover.
6. The mirror is now ready for use.

AC Adapter

1. Locate the socket on the base of the mirror.
2. Connect the AC adapter.
3. Turn ON the mirror using the touch switch function.
